

# CUSTOM POSTCARD BOXES

## Say it with something sweet!

The perfect option if you want full control over the design of your postcard but want Lammes to handle fulfillment and shipping. Simply create your design using our artwork guidelines, then have them professionally printed by a 3rd party and mailed to our corporate office. We will insert the postcards into the postcard box of your choosing and mail them to your address(es). Or you can have us ship them to one address and you can insert the postcards (perfect for local gifting).
